

PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF BELLE GLADE AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The Belle Glade Herald as he saw conditions.

Roy M. Lane

The city of Belle Glade assumed its place of importance in this section of the state because of the efforts of far-seeing business and professional men who have developed the natural resources or in some manner, extended the trade advantage of the locality. One of the men who has taken an important part in many progressive movements is Mr. Roy M. Lane of the Lane Machine Shop.

Mr. Lane devotes much of his time and energy of the growth and development of Belle Glade and this district, and it is fitting at this time that we attempt to express, in a small way, our appreciation for his unselfish contributions to the general welfare of the community.

He is a man of wide acquaintance whose many friends admire and respect in him those virtues which inspire confidence and promote success. His upright business methods are but an outward reflection of his inherent character and his fair practices. We congratulate Roy M. Lane on his splendid record of service to the community for his continued success.

W. P. Risk

Successful business and professional men, as a general rule, show their appreciation for their success by their often repeated demonstration of their pride. This is a fortunate fact. Otherwise a city would be lacking in that progressive spirit which advocates and develops various projects of a civic nature that are indicative of a progressive community.

Mr. W. P. Risk, of Agricultural Insecticide Co., a man who has never failed to lend a hand when it comes his turn to help on some enterprise promoted for the general benefit and the adjacent territory.

Mr. Risk takes genuine pleasure in this method of showing his appreciation for his success, and in so doing recognizes his civic responsibilities to the home community.

It is such men as W. P. Risk who become acknowledged leaders in both business and community activities, and we compliment him on having attained that position in his city.

Simon Mason

To be a consistent and persistent booster of the home community very often requires courage and optimism. It is because of this unflinching faith in the future of Belle Glade and his unflagging efforts to promote its development that Mr. Simon Mason is so well known for this brief tribute.

Mr. Simon Mason has proven very able that he is a prudent and grocery store operator of unusual ability, for it is largely due to his efforts and wise counsel with a determination coupled with a determination to let nothing but the best that Mason's great aid to the growth and development of this section of the state to place Mr. A. E. Kirchman of Sinclair-Kirchman Co., on an equal plane with all others in this rank. In the past, few men have exceeded him in contributing of their time and energy to the onward progress of Belle Glade and this section.

Mr. Kirchman, having earned the reputation for being one of the more successful food distributors in this area, still retains that distinction in the admiration and respect of his wide circle of friends. Also his interest in, and the very valuable assistance he has rendered to many projects of a civic nature, reflects the principles which he has always so successfully applied to his business and private affairs.

We congratulate A. E. Kirchman on his record and sincerely hope that his career will be as useful and completely successful in the years ahead as it has been in the past.

Harry Root

Recognized as an authority on building and construction problems, Mr. Harry Root, of the contracting firm bearing his name, has turned his knowledge to the advantage of the people of Belle Glade and vicinity. More than that, Mr. Root is a man who has always been vitally interested in the civic betterment and progress of the city and has backed up his interest by his active participation in the many projects of a civic nature, which have been applied by him to the betterment of the community as a whole. Belle Glade owes much to such men for their part in making the city the

business center of this area. It is to the citizens who have the many opportunities for service, and more than ready to recognize and accept their share of civic responsibility.

Because of these things, Harry Root has become accepted as a progressive business man who is an asset to both the business and civic life of the city, and we trust he will continue for many years to serve the people of Belle Glade and the surrounding area in his present capacity.

Russell Fisher

Mr. Russell Fisher of the Club Glade, has won the universal respect and good will of both the winter guests and permanent residents of Belle Glade. He is a progressive man in which he has been successful in the front of the business and social life of this entire district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility for the betterment of the city.

Mr. Fisher is not the kind of a man who makes himself conspicuous by the things he does, but he conducts himself, either in business or other matters, with such a quiet confidence mark him as a man of sound judgment—whose opinion is respected and listened to with respect.

We congratulate Russell Fisher on his record and sincerely hope that his constructive advice and help to the civic affairs of the city will have found time to interest himself. He is a man whom many are proud to call friend.

Charles Bolton

In compiling this review of progressive Belle Glade business people, we have endeavored to include those citizens who, by the manner in which they have conducted themselves and their positions of leadership in their various fields of activities, have found time to interest himself. He is a man whom many are proud to call friend.

Mr. Bolton's main interests have not been solely confined to his own business, but private affairs, but have also included his contributions, in one form or another, to the many projects of a civic nature which come within the scope of his activities.

Charles Bolton, as a man of wide experience whose exploits in the business and civic life of Belle Glade and vicinity merit this more than a passing statement and the writer is privileged to pay this brief tribute to a man who deserves more credit than is accorded him here.

Red Lines

In critical times such as these, it takes business men of more vision and courage and optimism to carry on their operations successfully. In making this statement, the writer is privileged to pay this brief tribute to a man who deserves more credit than is accorded him here.

Mr. Red Lines, of the Red Lines, has made a large circle of personal friends and business associates in his new venture. He has taken an interest in community activities and is characterized by a willingness to shoulder his share of the civic load.

It is men like Red Lines who, because of the successful conduct of their business and private affairs and their willingness to contribute to the public good, are the backbone of the community. We take pleasure in paying him this brief tribute.

R. W. Griffin

It is fitting in this review of progressive Belle Glade business and civic minded people, that we should mention the name of R. W. Griffin, who has been credited with the having maintained the South Bay Bar and Cocktail Lounge in the enviable position it holds in the social life of this district. Mr. Griffin is a man who has always been vitally interested in the civic betterment and progress of the city and has backed up his interest by his active participation in the many projects of a civic nature, which have been applied by him to the betterment of the community as a whole. Belle Glade owes much to such men for their part in making the city the

Wm. C. Young

Generally speaking, civic pride is one of those things that goes hand-in-hand with success, because a man must have been successful to fully appreciate the advantages that were afforded him by the community to which he lives.

Mr. Wm. C. Young, our Pure Oil Products Distributor, is one of those progressive business men of Belle Glade who has shown a commendable appreciation for the success by his attention to civic matters. His willingness to accept a public office, and his advanced for the good of the city, has always been taken for granted.

Mr. Young's quiet assumption of responsibility, not only in connection with his business, but in regard to other matters as well, has very often expressed the confidence of those interested in the same movements.

In complimenting Bill Young upon his high standing in the community, we do no more than express the confidence and respect of his many friends and associates.

Cinematic Chatting
The offering at the Hugo Theatre, Sunday-Monday, will be one of the much revealing films of the "flat-top" and their work in the past that has ever been filmed. The story is "Task Force," the stars are Gary Cooper, Jane Wyatt, Wayne Morris, Walter Brennan, but there is also a large cast of featured players, all of whom portray their roles with such exactness and reality that one becomes lost in thrilling adventure, pathos and romance during the filming.

Garden Club Plants

50 Water Oak Trees

The Garden Club made a trip to LaBelle last Thursday to get a cigarette vending machine in Belle Glade. They brought back about fifty of these trees for planting in their own yards and various Belle Glade Church grounds.

The non picnic luncheon was supplemented by swamp cabbage expertly cooked over an open fire. During the brief business meeting following, it was voted: To get permission from the city to move one of the picnic tables from the park across the bridge to the canal bank; To appropriate \$50.00 for buying flowering trees and shrubs for the city, asking that anyone having any to donate, contacting Mrs. C. W. McDonald; It was decided the club will condemn the cutting of the pine trees along the highways urging instead that they be topped. Mrs. H. D. Beck being appointed to write the Chamber of Commerce in this regard; To cooperate with the Florida Garden Clubs in Publishing of the "Sun Dial," a manual on Florida Gardening. Mrs. Roy Jones was appointed.

BETTER MOUSE TRAP
OR A BETTER MOWER.
RESULTS THE SAME

That path to the door of the builder of a better "mouse trap" is abounding in Belle Glade. During the last war three Woods boys were the uniforms and did their stint with Uncle Sam. Among the assignments was the airfield at Sebring for the eldest of the three boys, and many trips were made to and from Belle Glade and the rich farming country around the Lake.

When the boys got back home they began the development of a mowing machine, that has resulted in the contraption which Johnny Talbot is "peddling" around with the assistance of Clyde Clayton.

After an eight months activity by Johnny, when he received only fourteen machines due to the limited capacity of the manufacturer, Johnny convinced the Board of Directors of Woods Brothers Company that he "is the man." Johnny mowed up with the distributorship for Florida, Cuba, Puerto Rico and South America including the Argentine.

Sales to farmers, citizen, grove owners, City of Belle Glade, State Road Department have moved along at a rapid rate and some twenty odd dealerships are being established in the State.

The claimed virtues of the cutter seem to have support in the testimony of County Agents, agricultural department of Florida and farmers. While medicinal values are attributed to the machine, preventative of malaria and other diseases on cattle ranch, Johnny says.

This enterprise brings Belle Glade to the attention of all dealers throughout the State, and will bring that to the Caribbees, neighbors who handle this product.

Johnny is acting as his own boss in the Glades area and has sold more than 40 of the machines, as such. There is one catch on order to a dealer in North Florida at present and we hope it will not be long before trailer-loads are trailing thru Belle Glade over "Alerate" U. S. 27 to Port Everglades for the delight of our Caribbees neighbors.

however, and the Rams were

barley able to hold an 11-10 margin when the third period horn blew. Fourth quarter was nearly a repetition of the third. Leading scorer for the varsity tilt was Scooter, of Lake Worth. That's right! His name was Scooter and he did 14 of his squad's 41 points. Mizell led Belle Glade with 15 points, six of them from free shots.

In the B squad game, Belle Glade staged a late rally, which was too late. Like their big brothers, the junior Rams captured only one period, the last. Lemb, again living up to his last name, was a true young Ram as he led both his own flock and the Lake Worth cagers with 8 points.

The Wednesday game, played in the gym at Lake Worth High, determined the Trojan as opponents for Tech High of Miami in the second and final tournament game of Gulfstream Conference season.

Belle Glade's defeat has been laid chiefly to a lack of tall players on the Ram squad. The common cold, which has plagued the home boys during most of the recent football and basketball seasons, is given as another reason. It is generally conceded that the dampness of the Everglades is more than conducive to sinus and nasal attack.

The Rams' final game of the season is scheduled for one week from tonight, when the local boys take a shot at South Broward and High.

Baseball season at the Belle Glade High School begins around the 8th of March. The schedule of games has not been made public as yet, but Coach Leavitt is thought to have 12 or 14 games lined up.

GRADE NEWS

Written by Negroes of the Communities

Bean City News

Marie Ann Youngblood, Reporter

Rev. Kitchen, the missionary visited the Baptist Sunday school and preached a wonderful sermon in the evening service in absence of pastor Kenny. He admonished the members to be faithful to their church and obligations.

The P.T.A. of Bean City School of which Mrs. Irene Jones is President held a most interesting meeting Monday night at the school building. The improvement committee is sponsoring the painting of the buildings and the purchase of folding chairs to help relieve a cramped condition. Already the group has planned a rally on third Sunday afternoon at which time a battle of songs and a spiritual service by Rev. Kennedy will be delivered. The group of these workers come for your donation, please respond. Mrs. Carutha Burro was appointed treasurer of improvement committee with Mrs. David Williams as chairman. Mrs. O. D. Williams was also appointed with Mr. Aaron Hooton as this committee. Others will be added later.

The mothers of the graduates to receive certificates will find time to plan with principal Lee for the closing requirement for these ten young people who hope to be eligible for participation. Mrs. Mollie Caldwell was appointed Sixth Grade Mother Helper and Mrs. Carutha Burro was appointed Fifth Grade Mother Helper. Each parent demonstrated satisfaction and courtesy to our principal, Mrs. O. D. Lee for the fine way she has guided the school and shared our community service. A testimonial is planned for her in the near future by the community.

The Boy Scouts are interested in reorganization and hope to be ready for reorganization soon. Mr. Manual Williams has bridged the help in bringing the boys together. We expect Mr. Adams to be with us in a meeting soon.

A special program will be rendered Friday at school for Negro History Week. A fine program will be presented by the school. David Williams and C. Almarita Wilkerson of the sixth grade will have charge of the program. The chorus and the Principal will also sing. The next P.T.A. meeting will be the second Monday night in March. All patrons and friends are invited.

New Bethel Baptist Church

Mrs. G. R. Porter, Reporter

Sunday School offering was \$27.50, our Supt. Dec. \$8.00, also collected \$2.00 from his many friends on our S. S. drive. The New Bethel Baptist Sunday School met on usual hour with Supt. Dec. Sandy Kendall and Supt. Dec. Shelby Pouncey, from the First Baptist Church and all teachers present. Dec. Pouncey also brought to the New Bethel Baptist School a \$10.00 check to help on our Sunday School drive. We were also witness to the Mt. Calvary Pastor Rev. Nelson and his great church from Rader, Fla. at the eve of our Sunday School who came to worship throughout the day with us. Highlights on the lesson was given to the children by Mrs. Lillie Miller, to adults by Supt. from the First Baptist Church, Dec. Shelby Pouncey. Devotion was conducted by a Dec. from Mt. Calvary after which the Rev. C. W. forward and I sang hymn 222. Then Rev. W. Porter came in and read a portion of 2 Kings. Text I Kings 3:10 verse, "A Trip to the Jordan is Necessary." Rev. Porter preached out of his text, "I am not here to preach, I am here to preach." The next P.T.A. meeting will be the second Monday night in March. All patrons and friends are invited.

Consumers' Problems

By Mrs. O. D. Lee

Mrs. Lee has done special research on this problem at Tusculum University, Oxford, Ohio.

Community and Economy Of Food

People must spend as much of their time or earnings in providing themselves with adequate food as with all other necessities combined. That is why this survey has given so much time and research to food. There are many other necessities of the home which invariably fall under our provision as consumers. We feel that when the Consumers have so prepared themselves to the food situation, ways and means will have been provided for education in buying other household fundamentals. When the consumer knows what to put into the refrigerator, will be sure enough to study the type of refrigerator needed for the size of the family and the type of food.

It is also for clubs, community groups, and associations to become alert to the education of the members by trained personnel in the purchasing of foods for the family, as well as all other items to be used by the family. The questions often arise, "What is the best brand of meat?" "What is the best brand of peas?" "What potatoes are best for baking?" "What flour is best for my family use?" What bedding must I buy and why? By text do I select my electric iron or accept what the salesman says? These and a thousand other questions arise when the consumer buys. We have mentioned previously but briefly some facts whence these items came whether from the manufacturer direct, the middle man, or from the retailer directly. Which ever the way, the consumer is able to purchase intelligently. What quality am I looking for in my product? What value is most economical? What also is best for my family or personal use. Are the items standard? This is determined by watching market prices in the daily paper. Know when the prices are up or down. Look out for "low prices" (on item advertised at low price) in the newspaper or on a sign. Once there is a sign of buying this item the consumer should be careful to carry away many other items some possibly not necessities. Watch out for your pocketbook on this shopping spree. It is a fine practice to keep a notebook handy in the kitchen to note the items needed to be purchased and then use it when shopping thus eliminating the unnecessary purchasing so often done when no list is made. Everglades Vocational High

The Science Club held its second meeting Friday, February 10, at 8:00 a.m. The Committee on plans and topics chose Venereal Disease as the topic for discussion. The group discussed the causes, the symptoms, the defects, and cures of the disease. The members have started collecting news items of all of the scientific discoveries, which are placed on the bulletin board. The Bobcats had a rather successful game last week. On Wednesday, the Bobcats traveled to West Palm Beach, home of the Bobcats. The Bobcats found themselves trailing behind by five points in the first to two points. King started the game rolling by scoring our first eight points, which gave the Bobcats a 16-0 lead. The Bobcats were able to hold a slim margin over the White Kids until the final minute to play. The White Kids went ahead 16-13.

The boys played "heads up" ball. Everybody was surprised to see the game a 45-45 score in the last five minutes to play. Industrial five went ahead to win 51-47.

Friday about 12:30 p.m., the Bobcats left the campus of Ole' E. V. H. enroute to Glorford, Florida, for a most enjoyable trip. We ate lunch on the border of the Indian River at Jensen Beach, Florida. Both teams of the Glorford High School fell to the claws of the Bobcats, as the game was 18-13 and the boys 42-24.

Monday night, February 13, the Bobcats had double wins as the Melbourne High girls fell to the tactics of the Bobcats. The Melbourne fellows served as the main victims for the Bobcats' boys.

The Sixth grade, under the sponsorship of Mrs. S. H. Jones, presented a very appropriate program. It dealt with the month of birthdays, which is February. Some of the classmates presented a playlet entitled "February Days," which informed us of the birthdays of such notables as Abraham Lincoln, George Washington, Charles A. Lindbergh, Susan B. Anthony, and Edna St. Vincent Millay.

News Of The Grade

At the beginning of the new year, there is a tendency of an epidemic of interest and activity among the pupils of 4th B. A great amount of interest was displayed among students during many of our fund raising drives. Tom Bro and Henry Lockett received 1st and 2nd prizes respectively for having contributed the highest number of dimes for the March of Dimes drive.

South Bay Elementary School

By Mrs. M. P. Savell

On Sunday April 2, 1950, The Amateur Golf Club of South Bay Elementary School will present for the Church and the entertainment of the public a one act set moving Religious Drama, "Out of the Darkness."

The cast of characters will be as follows: Anna Griffin of South Bay, Bertha Clyde of Lake Harbor, Gustie Barnes and Emma L. Wimberley also of South Bay.

All Boy Scouts of Troop #5 will have their first meeting of the year on February 18, 1950 for the purpose of rounding up the group members and planning an activity program in development.

The members of the group are as follows: Cecil Mack, William Mack, Morgan King, Willie L. Hall, Nathaniel Robinson, Paul Robinson, Harold Savell, Ervin Sears, Willie Graham, Robert Graham, and Charles Sullivan.

The Shadyside Of The March of Dimes L. Wimberley of the 5th Grade has been chosen as the Shadyside to play the result of her conscientious efforts to help make all her class

activities a success. She is also a member of the School Patrol and is soon to be seen in a Religious Drama, "Out of the Darkness."

Candidates For Spelling Bee

The following students have been chosen to represent South Bay Elementary School in the County Spelling Bee which will be held at the Lake Shore Elementary School in Belle Glade, 8th grade, Guy Harrison 8th grade, Paul Robinson 5th grade, Emma L. Wimberley 5th grade, Ervin Sears 5th grade, Bertha Clyde 5th grade, Gustie Barnes 4th grade and Charles Kerr 4th grade.

The Parent Of The Month

This month, we are going to vary from our usual procedure of choosing our parent of the month. Hitherto, we have always chosen mothers but we feel that the fathers play a very important part in this program, too. Hence, we are choosing Mr. Charles Sears as our parent of the month. Mr. Sears has always shown great interest in the school and its activities. He is always willing and ready to do his part. He is very gentle and kind.

There are far too many people in this world who let life's obstacles hinder them, but not Mr. Sears. Disappointment or frustration never sends him off into a gloom of tears, because he knows that the man who lets himself be hindered by life's obstacles is usually despised, because a man's weakness makes him abnormally glibly and willing to accept any help to iron out all his difficulties.

Mr. Sears is the father of nine children and has done and is doing a very good job with them. Therefore, we would like what we have said about him needs no substantiating for we all know that he is a very efficient person.

Motorcycle Races To Draw Large Crowd

The world's greatest motorcycle races, the annual Daytona Beach classic, are expected to attract record crowds Saturday and Sunday, February 18 and 19, as ranking handbike jockeys from all sections of the United States and Canada wind up their speedy machines for two major events.

Saturday's program calls for the 100-mile amateur championship race to start at 2:30 p.m. with the 200-mile expert championship classic slated for the same time Sunday afternoon.

Race Director Bill France anticipates another new speed record for both events, especially when the 132 speed demons entered in the expert event roar into action Sunday. The present record is held by Dick Klamfoth of Groveport, Ohio, winner of the 1948 classic. Klamfoth averaged 85.8 miles per hour in winning the 1948 race, bettering the old mark of 84.9 miles per hour established by Floyd Ernde of National City, Calif., in 1948.

Klamfoth will be back to defend honors in the Sunday classic and rates as one of the top favorites. The 31-year-old Ohio farmer will again be riding his British Norton machine, and is added to the Norton ranks this season will be Bobby Hill of

Columbus, Ohio, formerly an Indian rider. Hill will team up with Klamfoth for the Sunday thriller.

The first father and son combination will also appear this season when Ed Kretz, Sr., takes part in the 200-mile for experts and his son, Eddie, Jr., takes his first fling at the 100-mile for amateurs. The older Kretz has twice been voted the most popular rider in America and is the only handbike jockey in the entire country to win all four major racing events—Daytona, Langhorne, River side and Laconia.

All previous Daytona winners with the exception of Johnny Spiegelschott, the 1947 champion, will compete in the 200-mile on Sunday. These include Klamfoth, the 1949 winner; Floyd Ernde, National City, Calif., 1948 winner; Ben Campanale, Pomona, Calif., the 1938 and 1939 winner; Babe Starnes, Woodstock, N. I., 1940 winner, and Bill Matthews, Hamilton, Ont., 1941 winner.

Do You Want To Rent An Apartment Or Rent Or Buy A House In Glades?

It will help you to secure proper housing if you will answer the questions below:
Experts from the insurance and other companies who have money to lend on new construction—individual homes, apartments and commercial construction—find it difficult to arrive at any estimate of probable needs of the community for housing and new building.

Real estate men, the Chamber of Commerce and your City Authorities have their estimates received with a sympathetic grin, because the "Home Office" refers to the 1948 census.

In an effort to convince these boys THAT THE GLADES IS IN NEED OF HUNDREDS OF LIVING UNITS, as well as commercial buildings, the following information is needed:

How many in family? _____ Gross yearly income members of family who contribute towards expenses \$ _____

Year round resident? _____ If not, how many months in the year? _____

Children each year? _____ Type of Building _____

Residence, Apartment—They or Rent? _____

If want to rent at present, do you expect to buy in future? _____

How many sleeping and other rooms wanted? _____

What type of construction do you want? _____ Brick or Wood

Do you require mortgage money? _____

What Glades community do you wish to live in? _____

If sufficient demand is developed by this questionnaire it is possible to secure long time financing for 80 to 90% of value of house and lot; 50 to 60% of commercial buildings.

You are invited to go fully into your desires or ideas about housing or commercial buildings.

Men who lost their lives aboard the Army transport Dorchester as result of enemy action on February 3, 1943.

Back of the resolution lies an extraordinary human interest story of heroism and self-sacrifice proving the Scripture that, "Greater love hath no man than this, that a man lay down his life for his friends."

The troop-laden Dorchester was hit by a torpedo at 1:23 a.m. The order, "Abandon Ship," soon rang out, but the chaplain, representing the Protestant, Catholic and Jewish, refused to leave the ship.

Giving up their life belts that others might be saved, they remained at their posts of duty as the ship went down.

One "hand-in-hand" leaped to a common grave because they had a common cause.

The chaplains were Clark V. Poling, George L. Fox, John Patrick Washington and Alexander D. Goode.

Editorially commenting upon the resolution, the Deland News-Sun said, "their act of self-sacrifice has served as an example of tolerance and unity ever since—in a world where freedom to worship is fast becoming a rare privilege."

"It is fitting to remember their heroism—but it is more fitting to follow their example of tolerance and unity."

"We need to be reminded that the deck of a sinking ship is not the only place where men of different faiths can work, pray and die together. That's what the four chaplains would have us remember."

Manufacturers Must Implement South's Rural Development

Rural economy, as influenced by recent population changes, presents a picture of orderly and progressive growth for the South. It is a well-rounded agricultural program is integrated with the development of manufacturing, trade and service opportunities.

Economist Daniel E. A. Leager of the Florida Agricultural Experiment Station told fellow-workers at the Southern Agricultural Workers' annual meeting in Biloxi, Mississippi, recently.

The economist feels the South is in a favorable position, by reason of its climate, agricultural and industrial possibilities, to attract and retain large numbers of people looking for new homes and employment opportunities. Present evidence points strongly toward continued human migrations.

Estimates at the close of 1949 indicated over 40 million people live in the member-states of the Association of Southern Agricultural Workers. Nearly one-half of the 1949 national farm population and one-third of the rural non-farm population resided in the area. The member-states contained only about one-third of the United States farm land.

Future gains in living standards can be expected, Mr. Leager explained, and continued improvement in the level of living has been noted in all parts of the Southern states. However, certain localized areas may have specific problems which will become more pressing before a solution is found.

If the proportion of males engaged in farming in the South, which in 1940 was 32.1 percent of the labor force, declines to the national average of 17.5 percent, opportunities in the distributive and service trades and industrial enterprises must be 43 years of age and over, 48 over 30, thousand persons in the Southern states passed these changes must be thoroughly appraised.

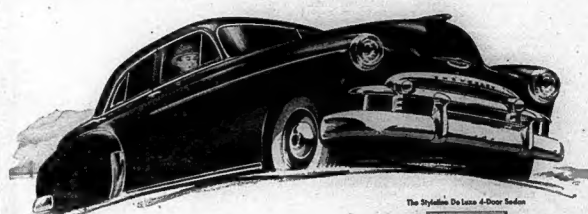

Self-subsistence farms and those of small size may become a more important aspect in the scene as more persons pass the age 65. Although the number of farms of small size is increasing, farms of large size are also increasing. The social significance of these changes must be thoroughly appraised.

South Bay Restaurant
South Bay Restaurant, located on Miami Road (State Road 27) at South Bay, was established in 1946 by Mr. and Mrs. Berthold Pelka, who have become famous for Hungarian foods, home-made bread and apple strudel cake that are deliciously different and satisfying.
Open from 11:30 a.m. to 9 p.m., South Bay Restaurant serves complete lunches and suppers, also sandwiches and ice cream.
The Pelkas endeavor to maintain a high standard in good meals and prompt service at prices consistent with quality. Their large volume of business is attributed to their ability as successful operators of a good eating place.
